Hello from OSU Admissions!

Thank you for your interest in the Degree Partnership Program (DPP). To add this program, please complete the following steps:

First, go to: https://admininfo.ucsadm.oregonstate.edu/prod/bwskalog.P_DispLoginNon. This will take you to the web application log in page.

- Click on “First Time User Account Creation”
- Create a login ID and Pin (do not use your OSU ID)
- The application list page will appear after logging in
- Under the third header, choose the community college that you would like to add as a partner
- Select the third bulleted item, “Current OSU Student” (This is correct if you are a current student or if you have an active application for admission.)
- Enter your student ID and GAP. The GAP number is initially your date of birth (mmddyy) unless you have changed it
- Fill out the next section with your name and the term you wish to add the degree partnership
- Select “Fill out application,” which will take you to the checklist page.
- When all sections are complete, submit the application. (A red asterisk will indicate when a section is complete)
- If you are asked to fill out the Insight Resume and pay the application fee of $50, you are filling out the incorrect application. You will need to back out and begin again, ensuring you have selected the “Current OSU Student” DPP option.

Please let us know if you have any additional questions.

Have a great day!
